#### **Important Notes:**

We would like to advise that it is the responsibility of each exhibitor to arrange Marine (Transport) Insurance covering transport to the exhibition, during the exhibition, and the return of the exhibits to domicile, including the period the exhibits are handled by Airlink / GT and also ensure that Transport Insurance is arranged for exhibits sold locally.

The freight yards at Dubai airport expo are open areas and have no protection from the elements. Whilst we will do our up most to cover freight and empties in the holding areas, we cannot be held responsible for any damage caused by climatic conditions.

No cargo will be accepted at the exhibition site, without a proper declaration (AWB number or B/L, weight, volume, exhibitor name & stand number) at least 3 days in advance for regular cargoes, as we have to plan our resources accordingly for the day. This will only enable us to serve you better.

For any exhibit or piece which exceeds more than 2 tons a piece, or with dimensions that exceed 2.5m x 2.5m x 1.5m where special handling & lifting is required, exhibitor is required to contact Airlink International UAE, to offer a special handling & lifting quotation.

Our tariff is computed on the basis of volume and weight and has no correlation with the value of exhibits, it follows that the cost of insurance cover is not included in our charges.
